WHY PRAGUE? CITY OF A HUNDRED SPIRES

Cobbled streets, gothic churches, cathedrals, and centuries old monuments greet you when you arrive in Prague. There are expansive parks, live music, theater, pubs, clubs, and fashion markets located throughout the city.

The Czech Republic is located right in the middle of Europe so you can travel without hassle throughout the whole region. There are economical trains, buses and low-cost flights year round to take students to Austria, Germany, Poland, Hungary, or Slovakia in a matter of hours.
